

# Season's Greetings

from the

## Smiths

Fold up our family  
cootie catcher  
and catch a  
little holiday spirit!

Here's how:

1. Cut off this narrow strip so you have a square.

2. Make the cootie catcher's folds by following the order marked on the page. Please note:

- A dotted line like this ..... means fold under (so the flap is on the underside of the page).
- A dashed line like this - - - - means fold over (so the flap is on the top side of the page).
- A solid line like this ——— means crease and unfold.

3. Insert your fingers in the four pockets and start playing! (You remember how, right?)

Catch you later!
