fold

Cut out the Front/Back Cover Page and each coupon strip (five strips consisting of two coupons per strip). Fold each coupon strip in half, away from you along the solid line. Insert each of the folded coupon strips (five) inside the Cover Page, with the creased sides facing inward. Staple the coupon book together where the creased pages meet the Cover Page. When your dad redeems a coupon, he can cut along the dotted line marked "cut." Tell your dad that he can fill in the chores or activities of his choice in the two coupons with blank lines.
